

OptiVision LED gen3.5 –Smart area and recreational sports lighting

OptiVision LED gen3.5

The Philips OptiVision LED gen3.5 floodlighting system provides a complete lighting solution for the simplest through to the most complex area and recreational sports lighting applications. The high-efficiency floodlight comes with a single piece die cast housing, hosting 2 and 3 LED engines respectively, which also function with an external driver box – separate for use at a distance from the floodlight (BV), or pre-fixed onto the mounting bracket of the floodlight (HGB) for ease of installation and lower initial cost. It meets the highest performance standards, provides outstanding light, quality, uniformity and ensures safety and visual comfort.

Benefits

- The wide range of optics ensure maximum optical efficiency and enables highly precise light distribution with minimum spill light
- 0-tilt allows for low sCx value for projects that want to re-use installed pole structures to minimize required investment. 0 tilt option further increases comfort and minimizes complaints on light trespass from residents
- When combined with Philips controls or Interact Sports lighting management system, the floodlight enables additional energy savings (up to 65%) in different area lighting applications
- Equipped with Service tag, a QR-based identification system that makes each luminaire uniquely identifiable and provides maintenance, installation and spare part information

OptiVision LED gen3.5

Features

- Single piece pressure die cast housing, with a protection level of IP66 against dust and water
- Wide range of ambient temperature tolerance making it suitable for a variety of sports and area lighting applications
- Option to add additional accessories to have the best in class spill light, 0 tilt, glare and up-light control
- Single High-power driver with IP66 protection pressure die cast housing and 10kV surge protection
- Programmable DALI Driver making it suitable to connect to lighting management systems like Interact Sports

Application

- Logistics areas (Ports)
- Apron lighting (Airports), Parking and Industrial areas
- Recreational sports lighting applications (Football, Hockey, Basketball, Golf, Tennis, etc)

Versions

OPTIVISION LED GEN3.5 LARGE -
LED module 220000 lm - LED -
Power supply unit with DALI
interface - Asymmetrical axis
angle 32° wide beam -
Polycarbonate bowl/cover clear -
5°13° x 120° - DALI - Mounting
bracket adjustable

Application conditions

Maximum dim level	10%
-------------------	-----

Approval and application

Mech. impact protection code	IK08
Surge Protection (Common/Differential)	Surge protection level until 10 kV differential mode

Controls and dimming

Dimmable	Yes
----------	-----

General information

CE mark	CE mark
Optical cover/lens type	Polycarbonate bowl/cover clear
Driver included	Yes
Flammability mark	For mounting on normally flammable surfaces
Light source replaceable	Yes
Number of gear units	1 unit
Optic type	Asymmetrical axis angle 32° wide beam
Service tag	Yes

Initial performance (IEC compliant)

Init. Color Rendering Index	>70
-----------------------------	-----

Light technical

Standard tilt angle side entry	-
Standard tilt angle posttop	0°
Upward light output ratio	0

Mechanical and housing

Color	Aluminum
